

## Registering for programs once inside the New Virtual Platform

We are so glad you want to register for LIVE Group programs through the New Virtual Platform. It is very similar to registering for programs on our [public facing website calendar](#), except this time you are using the calendar inside the new platform! **Registering on either webpage will both work the same, so it is up to you which way you do it!** Follow the directions below to register for programs within the new platform. You can also find a video tutorial here: [How to register for programs from within the new platform video tutorial](#).

Once you have logged into the New Virtual Platform, you will come to our home screen. You will want to click the button that says “Calendar” on the lefthand side.

You will then see our calendar that will have all our LIVE Group programs listed. You will find the program you want to register for, click on it, and then the description/details will pop up. You will click on the words “Register” to register for that program.

A new window will open, and you can choose who in your family is attending the program and then click REGISTER. It will auto populate that you are a participant.

\* Type

Participant

Volunteer

Register

It will then take you to a page with the dates of that program. You will choose the date you want to register for and click NEXT.

  
 Down Syndrome Achievement Centers  
 educate. inspire. believe.

Please deselect the dates that you are unable to attend from the list below.

Date	Local Start Time	Shift Title
<input checked="" type="radio"/> 8/30/2024	9:30 AM CDT (America/Chicago)	Yoga: All Ages

Your registration will then be complete! You can close that window and go back to the window with the Virtual Playhouse Platform calendar and continue to register for other programs!

Please email us if you have any questions or feedback at [communities@gigisplayhouse.org](mailto:communities@gigisplayhouse.org). You can also post questions in the “Tech Support” community and our team will help you troubleshoot or fill out the Help/FAQ contact form found by scrolling to the bottom on the webpage!
